South Jordan City Contracts Y² Analytics to Conduct Survey on Mulligans Golf and Games

SOUTH JORDAN, UT– October 30, 2014

The City of South Jordan recently contracted Y² Analytics to conduct focus groups and scientific field surveys to gather data on what the residents of South Jordan would like to see for the future of Mulligans Golf and Games.

Y² Analytics recently completed the focus groups and will conduct the official survey by using a scientific random sampling of 500 South Jordan City registered voters. The City received inquiries on how residents can participate in the official survey. In accordance to random sampling methods only a small sampling of residents will be selected to participate in the official survey. Read the full justification of sample size and accuracy from [Y² Analytics by clicking here](#). The official survey will be conducted in the fall and winter.

For more information on Mulligans Golf and Games visit: Mulligansurvey.com

###

The City of South Jordan, one of the fastest growing cities in the United States, is located 20 miles southwest of Salt Lake City, and home to 58,000 residents. In 2010, 2012, and 2014, South Jordan was named the #18 “Best Place to Live in America” by Money Magazine.
